SUBJECT: Comprehensive – Integrated Air and Missile Defence (C-IAMD)
Course
No: 14

ENCLOSURES

PURPOSE: To inform the SC about the intention of IAMD COE to participate at the Comprehensive – Integrated Air and Missile Defence (C-IAMD) Course (29 Nov -03 Dec 2021) at Competence Centre Surface Based Air and Missile Defence (CC SBAMD) premises (Ramstein Airbase, Germany).

BACKGROUND: In accordance to professional standards, the CC SBAMD provides various education and training events. The purpose of the C-IAMD Course is to familiarize staff with all the major aspects of (Joint) NATO IAMD, including (Theatre) Ballistic Missile Defence, Surface Based and Airborne Air Defence. The course addresses strategic, operational and tactical level aspects of IAMD.

Moreover, participants will gain knowledge and understanding of IAMD Policies, Concepts and Plans, roles and responsibilities of the IAMD entities, as well as weapon system technics and employment.

ANALYSIS & STATUS: IAMD COE is planning to participate in the Comprehensive – Integrated Air and Missile Defence (C-IAMD) Course with one (1) staff officer in order to work with students with varied (operational) backgrounds, from different entities in the IAMD domain. This will increase interactivity and discussions and also lead to the building of fruitful liaisons amongst the students and CC SBAMD.

FINANCIAL CONSIDERATIONS & FUNDING: The financial impacts of the aforementioned new activity will be covered from the existing budget (and by transferring of appropriations within the authorization granted to the Director in accordance with Financial Administrative Procedures, if required) without the need for a supplementary budget.
