SUBJECT: **NATO Lessons Learned from the situation in and around Ukraine (RfS 22#075)**

No: **2**

PURPOSE: To approve the support of IAMD COE to HQ SACT JFD JDLL effort to collect NATO Lessons Learned from the situation in and around Ukraine

BACKGROUND: The aim of the NATO TRANSNET Portal is to foster collaboration and create an internet accessible forum for Communities of Interest (COI) to come together and share knowledge and expertise. Access to TRANSNET is for individuals from NATO, NATO nations` MOD/DOD, NATO Partners, Commercial/Industry entities and other that have a standing business case with NATO. RFS Tool is a starter for communication between COEs and requestor. With RfS 22#075, HQ SACT JFD JDLL requested COE's to share Observations, Best Practices, LI, and LL related to the situation in Ukraine. Timeframe of the RFS is from 17 May 2022 to 31 Dec 2023 and any deliverables should be shared in NLLP.

ANALYSIS & STATUS: The situation in and around Ukraine developed, unfolded, and is going on. In preparation of predictable necessary analysis in the future, all stakeholders in LL might be early encouraged and requested actively engage the NATO Lessons Learned (LL) process.

IAMD COE considers that the support of RfS 22#075 for NATO Lessons Learned from the situation in and around Ukraine is very critical for NATO and that sharing knowledge with all stakeholders would also be beneficial, especially for upcoming IAMD challenges.
