NATO ARMY ARMAMENTS GROUP (NAAG)

JOINT CAPABILITY GROUP ON SURFACE BASED AIR AND MISSILE DEFENCE

NIAG Study Proposal

ACTION SHEET ¹

1. On 30 May 2022, under the silence procedure, the JCG SBAMD approved the draft NIAG Study Proposal in AC/225(SBAMD)D(2022)0002 to *"identify and assess the technologies and system integration requirements needed to develop and field a viable C-RAM capability in the near to mid-term"*.
2. The draft will now be forwarded to the NATO Army Armaments Group for consideration.

(Signed) Henning Andersen

¹ This Action Sheet is part of, and shall be attached to AC/225(SBAMD)D(2022)0002 as the cover page.
