AC/PLANS/A7-PTEE/SCG/21-1400 ESTABLISHMENT OF THE CONCEPT FOR EDUCATION AND TRAINING – PLAN IN PREPARATION FOR RAMSTEIN LEGACY EXERCISE SERIES

NR.03\_01 AUG 2022\_IAMD COE TAKES OVER THE LEAD OF THE IAMD COMMON EDUCATION AND TRAINING PROGRAM (CET-P)

1. **Introduction:** Integrated Air & Missile Defence Center of Excellence (IAMD COE) is pleased to invite you to the IAMD Common Education & Training Program (CET-P) which will take place at the premises of NMIOTC in Souda bay, Chania, Crete, Greece. Two iterations will be held in 2023 from 8<sup>th</sup> to 11<sup>th</sup> May 2023 and from 30<sup>st</sup> October to 2<sup>nd</sup> November 2023.

In 2021, based on TOBRUQ LEGACY 2015-20 findings, the initiative to establish NATO Surface Based Air & Missile Defence (SBAMD) CET-P was taken by CAOC UE. Initial letter mentioned that a wide variety of different initiatives were ongoing to gain improvements in one of NATO's major challenges: The integration and connectivity between national SBAMD forces, national CRCs and NATO entities. Beside the technical challenges, we are also facing the issue of a lack of common understanding on execution of NATO Tactics, Techniques, and Procedures (TTPs). This lack of common understanding hampers the conduct of multinational Training & Exercises and has, as subsequent, negative effect on mission execution of NATO IAMD Task Force & Mission.

2. **Aim:** The intent is to develop a standardized set of education modules and to offer the opportunity to Nations to get NATO provided education and training in the domain of IAMD and SBAMD practices with preparation of multi/national exercises and missions (e.g. RALY EX, VJTF mission etc.).

3. **Course content:** In order to fill the gap in NATO IAMD education and training, following lectures have been developed and are being delivered by specialists from, IAMD COE, JAPCC, CCSBAMD, AIRCOM A7, CAOC UE and CAOC TJ.

  - NATO C2 Structure / Responsibilities

  - SBAMD Operating Areas / ACMs

  - Reporting / SSTO / SSREP / KILLREP
