RELEASABLE FOR INTERNET TRANSMISSION**10. Proposal Submission**

10.1 The whole proposal shall be written in English and submitted to the IAMD COE electronically through the e-tendering application “*sourceONE*” until the closing date and time. The registration in this application is free of charge and can be implemented through the website: <https://register.marketsite.gr/>. Bids that will be submitted by other means will be rejected without prejudice to the following paragraph 10.2.

10.2 Bids may be submitted via e-mail or by courier or hand-carried only in the case the abovementioned application (“*sourceONE*”) would be out of order and a related announcement by IAMD COE will have been notified. Bids hand-carried to IAMD COE or delivered on site by commercial courier and parcel-delivery companies shall be handed over to a representative of the IAMD COE during working days between 07:30 to 14:30 hrs except for the bidding close date when the deadline is up to the closing time. The date and the time when the bid is handed over will be recorded on the envelope or package and the delivery agent will be requested to sign the date/time endorsement, signifying his agreement as to its accuracy.

10.3 The bidder shall make any effort to ensure that his/her bid reaches IAMD COE before or on the exact date and time set for the bid closing. Any bid received after this time is considered as late bid.

11. Late Proposals

11.1 Late bids shall be considered only before the contract has been awarded and on condition that their failure to arrive on time is solely the result of mishandling by IAMD COE personnel upon or after receipt.

11.2 Other late proposals cannot be considered for award. These bids will be treated as non-responsive.

12. Bid Withdrawal

12.1 A bidder may withdraw his bid up to the date and time specified for the bid closing, by written or facsimile notice to the IAMD COE.

13. Bid Validity

13.1 Bids submitted shall remain valid for a period at least of five (5) calendar days counted from the bid closing date set forth in this IFB. In case the contract award decision is issued before bid will expire, the proposed price (as respective bid) is considered fixed.

13.2 The IAMD COE reserves the right to request an extension of validity if a decision cannot be made within this time. Bidder will be entitled to either grant or deny this extension of validity. The IAMD COE will automatically consider a denial as a withdrawal of the bid.

NATO UNCLASSIFIED
RELEASABLE FOR INTERNET TRANSMISSION**14. Bid Evaluation**

14.1 The evaluation of bids and the determination as to the responsiveness and technical adequacy of the items requested shall be responsibility of IAMD COE and shall be based on information provided by bidders. The IAMD COE will not be responsible for searching, locating or confirming any information, which is not clearly identified and available in the bid.

14.2 Bids will be evaluated under the factor of lower cost within the funds committed with the respective commitment of appropriations (Reference E). In case of a tie (same offered price) between bidders, the Centre may decide the award to the supplier with the best specifications provided (if any), otherwise the result will be determined by a draw between the tied candidates. In the event that the selected bid(s) (to be awarded) exceed(s) in total the amount of committed appropriations:

14.2.1 The IAMD COE may decide to award smaller size/range of requested services but not less than 80% initially requested (i.g. 96 people per day);

14.2.2 Otherwise in case any supplementary commitment is not possible or is not deemed cost effective by the IAMD COE, this tender process becomes unfruitful - futile and is cancelled in order to be repeated (if required).

14.3 For the purpose of comparison, all price proposals shall be submitted according to the exact form of Enclosure 1 and prices must be in EURO (€).

15. Award

15.1 The IAMD COE, upon its Director's decision, will award the contract to the bidder(s)/supplier(s) whose conforming proposal represents the most financially profitable solution(s) to the Centre, and demonstrate(s) that he/she/they can fully accomplish IFB requirements.

15.2 The IAMD COE reserves the right to negotiate the final terms and conditions of the contract before making the award, in condition that no differences create in comparison with the technical and financial terms based on this IFB.

15.3 Following agreement of both parties (Contractor - IAMD COE), the contract may include a clause to extent the agreed services up to 20% of the total contract price (i.g. up to 144 people per day).

16. Clarification of Proposals

16.1 During the entire bid evaluation process, the IAMD COE reserves the right to discuss any bid with the bidders in order to clarify what is being offered and to resolve any potential areas of non-compliance.

17. Communication and Contact for Clarification

17.1 Any communication related to this IFB, between a prospective bidder and the IAMD COE shall only be through the P&C Officer (or/and the FINCON if required) via the application "sourceONE". Designated IAMD COE personnel will assist these

officers in the administration of this IFB. There shall be no contact with other IAMD COE personnel or through other means in order to maintain all bidders on equal and competitive footing.

17.2 Bidders (or prospective bidders) should seek clarifications as soon as possible. Any explanation, desired by a bidder (or prospective bidder) regarding the meaning of this IFB, clauses, specifications etc., will be provided by the Centre's competent officer as soon as possible.

17.3 Information given to a prospective bidder will be announced to all bidders (through the application "*sourceONE*"), if such information is deemed necessary to bidders in submitting offers or if the lack of such information would be prejudicial to other bidders. Oral explanations or instructions will not be binding unless confirmed in writing by the Centre's competent Officer following a respective (in writing) request by bidder.
