SUBJECT: **Ballistic Missile Defence Operational User Group (BMD OUG)**

No: 13

PURPOSE: To approve the participation in the activities of the BMD OUG.

BACKGROUND: The BMD OUG supports the Capability Management Authorities (CMA). The BMD OUG is a user centric collaboration forum for the development, implementation, acceptance and operational evolution of the BMD capability.

ANALYSIS & STATUS: The BMD OUG supports the CMA by executing the Capability Management Functions (CMF) in the context of the Common Funded Capability Delivery Governance Model (CFCDGM). It operates at the management level of CFCDGM and is independent from the BMD governance structures.

The BMD OUG includes all active BMD nations and related organizations (like NCIA) that participate and contribute to the development of the BMD Program from ETEE, doctrine, concept and operational perspectives.

FINANCIAL CONSIDERATIONS & FUNDING: Any financial requirements of the aforementioned training will be covered from the budget of the following years (being budgeted for FY 2024 - as draft budget prepared) without prejudice/impact to the conduct of other activities of the Centre.

RECOMMENDATIONS & DECISION: SC members are requested to approve the participation of SMEs in the aforementioned BMD OUG activities from year 2024.
