**SUBJECT:** **Report about the Construction of IAMD-COE new building**

**No:** 20

**PURPOSE:** SC to be noted about progress of the construction of the new IAMD-COE building

**BACKGROUND:** The construction of the new IAMD-COE building has been initiated on December of 2022 and it is planned to be finished approximately in an 18-month period providing upgraded capabilities to the IAMD-COE personnel.

**ANALYSIS & STATUS:** According to the FN plans a new building will be constructed near the NMIOTC premises (approximately 1km). The main purpose is to provide enhanced capabilities to all IAMD-COE personnel and at the same time fulfill all the necessary safety and security regulations based on NATO standards.

The new building will have two floors and a basement. Approximately every floor will be 400m<sup>2</sup>. In the ground floor except the Directorate's offices there will be a multi-purpose room that can host approximately 40 persons. This room will be used in the future to host workshops-courses as part of IAMD-COE mission. Also, this floor will have a space that can be used as a dining room and provide the ability to host lunches and coffee breaks for the attendees of future courses-workshops.

The second floor will host the SME's offices and the Support Branch. All SME's offices will provide NS connectivity, unclassified internet connectivity and

NATO UNCLASSIFIED  
RELEASABLE FOR INTERNET TRANSMISSION

VOIP telephone. Finally, all the new promises will have Wi-fi connectivity to the internet.

FINANCIAL  
CONSIDERATIONS  
& FUNDING

No financial obligations arise from the aforementioned issues.

RECOMMENDATIONS  
& DECISIONS

The SC members are kindly requested to be noted about the status of the construction of the new IAMD-COE building.

FOR THE IAMD COE:

B. Gen (OF-6) Nikolaos KOKKONIS GRC (AF)  
IAMD COE Director
