SUBJECT: **Request for Support (RfS) 23#169 by ACT (Understanding the Instruments of Power effects on Military IoP in Multi-Domain Operations from training perspective).**

No: 3

PURPOSE: SC to approve the support for RfS 23#169 by ACT (Understanding the Instruments of Power effects on Military IoP in Multi-Domain Operations from training perspective) and participation in the studies in 2023 and 2024.

BACKGROUND: In accordance with the NATO Warfighting Capstone Concept (NWCC) which was approved in 2021 in an effort to contribute to the Alliance's efforts to strengthen its deterrence and defense posture, MDO, a sub-area concept, involve the integrated use of capabilities across multiple domains, such as air, land, sea, space, and cyberspace. In line with these improvements ACT has initiated a study to explore and enhance Instruments of Power effects on Military IoP in MDO from training perspective in conducting MDO by establishing a Community of Interest (COI) among COEs, academic scholars and nations.

ANALYSIS & STATUS: Working Group for this study will be built in 2023 and expected to start to operate in 2024 completing at the end of 2024. The study aims to:

- Foster collaboration and knowledge exchange among experts within the working group,
- Investigate the effects of other Instruments of Power (IoP) on the Military Instruments of Power in Multi-Domain Operations (MDO)

from a training perspective, with the goal of informing the development of effective training programs for personnel involved in utilizing various instruments of power in multi-domain environments,

- Assess the Influence of other Instruments of Power on the Military Instrument of Power,
- Identify Training Needs and Requirements for Personnel Engaged in Utilizing Instruments of Powers,
- Develop Effective Training Programs for Personnel Engaged in Utilizing Instruments of Power Evaluate the Impact of Training Programs on Performance and Decision-Making in the MDO environment.

IAMD COE considers it valuable to participate in the COI and to make contribution to the study for enhancing NATO deterrence and defense capabilities.

FINANCIAL
CONSIDERATIONS
& FUNDING:

Any financial impacts of the aforementioned activities will be covered from the existing budget of the current year (and by transferring of appropriations within the authorisation granted to the Director in accordance with Financial Administrative Procedures, if required) without the need for a supplementary budget.

Any financial obligations for the next years will be foreseen in the shared budget of the respective Fiscal Years.

RECOMMENDATIONS
& DECISION:

SC members are requested to approve the IAMD COE participation in COI for 'Understanding the Instruments of Power effects on Military IoP in Multi-Domain Operations from training perspective '.

FOR THE IAMD COE:
