3rd IAMD COE ANNUAL CONFERENCE 2024

**“Integrated Air and Missile Defence: Shaping the Operational
Environment to our Advantage.”**

Date: Wednesday 19th to Thursday 20th of June 2024.

Location: Chania, Crete, Greece.

Event Description: During our third Annual Conference, we intend to build a picture of the current geostrategic military situation for Euro-Atlantic Allies and Partners. This will lead us to discuss the new era of Challenges, focusing on Emerging Threats, Hypersonic Weapons, and developments in Unmanned Aerial Systems (UAS), how NATO will respond to IAMD's current and future challenges, Integration and Interoperability, Effectiveness and Sustainability, as well as on Innovation, Experimentation and Wargaming.

The main sessions of the conference will be:

- a. How the current Global Security Environment affects the evolution of IAMD in NATO.
- b. Strategies for operational advantage in IAMD.
- c. Challenges in the current and future operational environment.
- d. Advanced technologies in IAMD.

Security Classification: The Conference will be “Unclassified” and it is open to all interested parties. We anticipate participation from NATO, Partner Nations,

Military and International Organizations, Non-Governmental Organizations, COEs, Academia and Defence Industry as well as the broader IAMD Community of Interest.

Remarks: Additional details and updated information for the conference will be available on the website of the Centre: <https://iamd-coe.org/>. The **Chatham House Rules** will apply throughout the Conference.

Language: The working language will be English. No translation will be provided.
