<u>SUBJECT:</u>	<u>IAMD COE Concept Revision 5</u>
<u>No:</u>	<u>18</u>
<u>PURPOSE:</u>	Steering Committee members to approve the IAMD COE Concept Revision 5.
 <u>BACKGROUND:</u>	 Based on the growing activities of the Centre both on the operational (Programme of Work) and the supporting level (CIS facilities due to the movement to the new building), a new Organisational Chart was deemed necessary.
 <u>ANALYSIS & STATUS:</u>	 Taking into consideration the experience acquired since the Centre's establishment up to now, the requirement for a new CIS Technician, an amendment of the Chart and Workforce Table is proposed as enclosure 1, amending annexes B and C of IAMD COE Concept introducing a new post of CIS Technician.
 <u>FINANCIAL CONSIDERATIONS & FUNDING</u>	 No financial obligations arise from the aforementioned issues. In addition, the proposed new post is to be covered by the FN, constituting an administrative and support position not to be recorded in the Participation Table of the IAMD COE and therefore, it is not subject to the determination of a Participant's cost share (according to the provisions of par. 9.4 and Annex A of Operational MOU).
