10. Proposal Submission

10.1 The entire proposal must be written in English and submitted electronically to the IAMD COE through the e-tendering application "sourceONE" until the closing date and time. 11. Late Proposals

11.1 Late bids will be considered only prior to the contract award, under the condition that their delayed arrival is solely attributed to mishandling by IAMD COE personnel upon or after receipt.

12. Bid Withdrawal

12.1 Bidders are permitted to withdraw their bid(s) until the specified date and time for bid closing, provided the withdrawal notice is submitted in writing or by facsimile to the IAMD COE.

RELEASABLE FOR INTERNET TRANSMISSION**14. Bid Evaluation**

14.1 The evaluation of bids and the determination as to the responsiveness and adequacy of the items requested shall be the responsibility of the IAMD COE and shall be based on information provided by bidders. The IAMD COE will not be responsible for searching, locating or confirming any information, which is not clearly identified and available in the bid.

14.2 Bids will be assessed based on the factor of lower cost within the allocated funds as specified in the commitment of appropriations (Reference D). In case of a tie (same offered price) between bidders, the Centre may decide the award based on the supplier with the best specifications of items provided. If the total of the selected bid exceeds the committed appropriations, and supplementary commitment is not feasible or deemed cost-ineffective by the IAMD COE, the tender process will be deemed unsuccessful and will be repeated if necessary.

14.3 For comparative purposes, all price proposals must adhere to the format in Enclosure 1, and prices must be in EURO (€).

15. Award

15.1 The IAMD COE, upon the Director's decision, will award the Contract to the bidder whose compliant proposal offers the most financially advantageous solution to the Centre, demonstrating the ability to fully meet the requirements of the IFB.

15.2 The IAMD COE reserves the right to negotiate final terms and conditions before the award, provided that no discrepancies are introduced compared to the technical and financial terms based on this IFB.

16. Clarification of Proposals

16.1 During the entire bid evaluation process, the IAMD COE retains the right to engage in discussions with bidders to clarify the offerings and resolve any potential areas of non-compliance.

17. Communication and Contact for Clarification

17.1 Any official communication related to this IFB between the bidder and the IAMD COE shall occur through the FINCON (or/and the P&C Officer) via the application "*sourceONE*" or e-mail. There should be no contact with other IAMD COE personnel or through other means to maintain all bidders on an equal and competitive footing.

17.2 Bidders (or prospective bidders) are encouraged to seek clarifications as soon as possible. Any explanations sought by a bidder (or prospective bidder) regarding the meaning of this IFB, clauses, specifications, etc., will be promptly provided by the Centre's competent officer.
